Dear Mr. Mazzeella,

In reply to your letter dated October 13, 2014, I have reviewed the details of the unitemized contributions made during this period. I am quite confident that there were, in fact, \$608,292.13 in unitemized contributions, in other words small contributions which did not aggregate to more than \$200 yet in the 6 year cycle (2012 – 2018).

Our Data Base is set to itemize at the \$200 aggregate and we go through and combine any duplicate records that have accumulated before each report.

For the first quarter of 2014, we received a total of 2,428 contributions (on average about \$34 each). Only 39 of those contributions were from people who had given a total greater than \$200 since the election in 2012. Here is a breakdown by amount:

940 - \$0-10
876 - \$10-25
581 - \$25 - \$100
11 - \$100 - \$200
2,408 contributions totaling \$67,098
